[The Valley of Horses \(Earth's Children, #2\) by Jean M. Auel](#)

It has been something like 8-9 years since I last read The Valley of Horses, and I still love it. I am an earth scientist by education (geologist) and profession (water resources/environmental), and I just love Ms. Auel's attention to detail when it comes to botany, animals, and the ecology of the environments that she writes about.

When I am reading valley of the horses, everything else seems to melt away and I become a part of the landscape, and a 'fly on the wall' in an ancient clan. Her musings on plant life and animal behavior will delight anyone who has read Thoreau or Emerson and you will recognize in her book some of the same childish wonder you often find in Thoreau's diaries or Emerson's poetry.
